

## How to print from your Android mobile device

### Install Pharos Print on your device

1. Go to the Google Play Store and search for “**Pharos Print**” and install the app

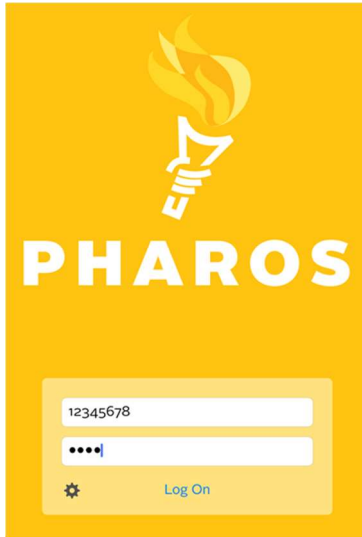

2. Open the App and enter the settings below  
**Server Address:** Print.yprl.vic.gov.au  
**Port:** 443

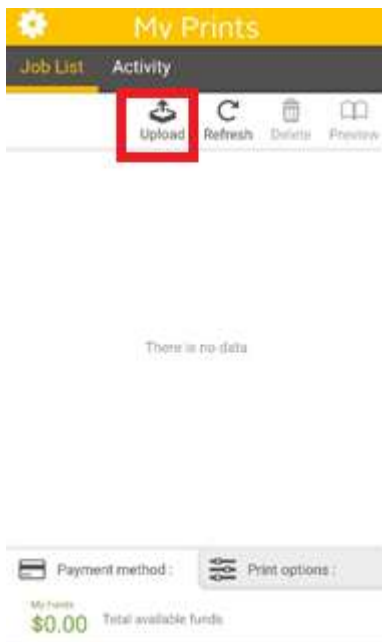

3. Enter your Library ID and PIN number

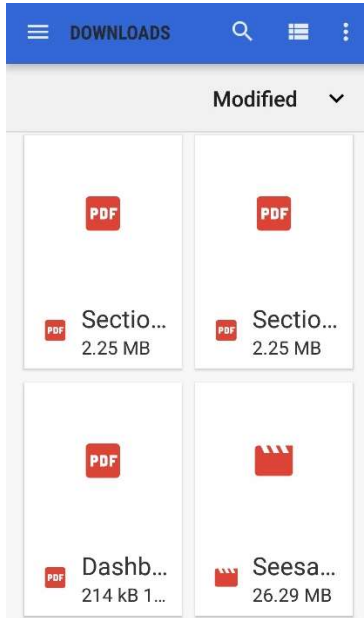

## Upload and Print a document

4. Open the Pharos App, select **Upload**

5. Browse and select the file you would like to print

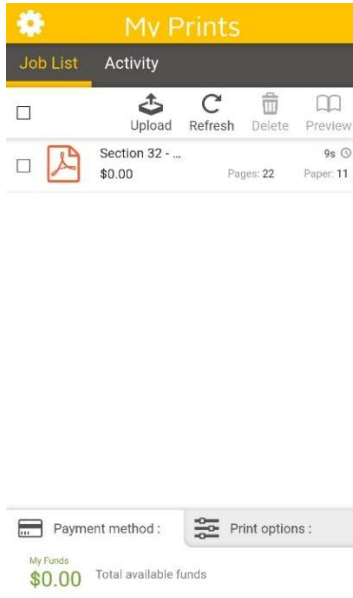

6. Select your printing options

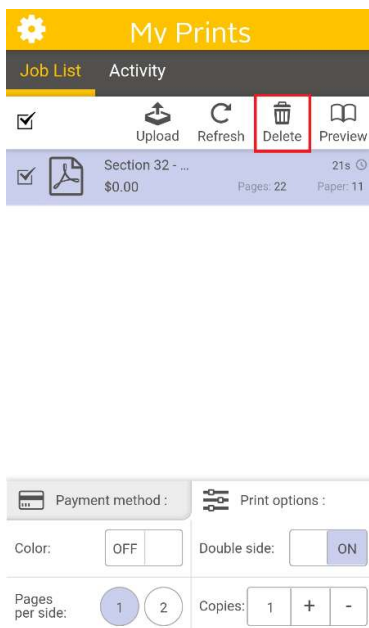

7. The print job will now appear in the queue

8. If an error was made with the print job, select the file and select **Delete**. You will not be charged until you release and collect your print out at a branch.

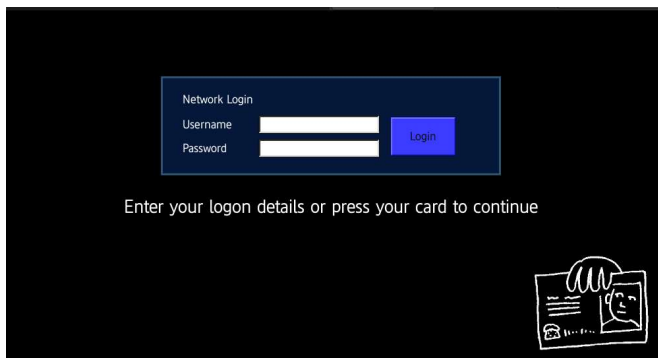

## Collect your printout

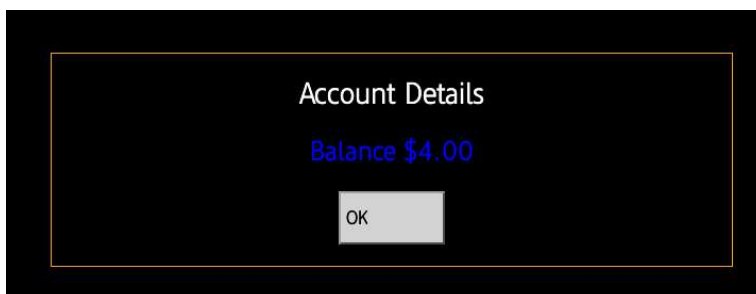

9. You can con release and collect your printout from any Yarra Plenty Regional Library branch.
10. Scan your library card at the printer

11. If you don't have your library card you can manually key in your library ID and PIN on the printer display panel

12. A screen will pop up with your account balance, select OK.  
If you do not have enough funds on your card, top up you balance at the top up kiosk.

13. The documents you have uploaded will appear in the list, select the document you would like to print and select **Print** or **Print All**
